

Institutional Distinctiveness

- The vision of S.V. College Of Engineering, Tirupati is to be one of the Nation's Premier Institutions for Technical and Management Education and a key contributor for technological and socio-economic Development of the nation.
- Based on the vision, priority and thrust, the institute consistently provides the best learning experience, to the most productive learning community and in the most creative learning environment in engineering education and to produce technically competent Engineers and Managers.
- In line with the institute's mission statement and to accomplish the vision and translate it into a reality, the institution has been using the best teaching learning methodologies like participative learning, experiential learning etc.
- These learning methodologies can be obtained through industry interactions The distinctiveness of the institution lies in "Learning beyond the classroom" hence has been conducting various activities such as Guest Lectures, Seminars, workshops, Internships Industrial Visits, etc. through industry interaction apart from classroom teaching to make learning more interactive and interesting.
- Usage of ICT in Teaching and learning process has taken equivalent to world standard.
- Innovation Cell is functioning inside the campus and students are encouraged to come with an innovative ideas and facility is provided to bring the idea into product. Also students are encouraged to apply for patents.
- The Institution arranges skill enhancement programs to develop the students skills such as Personality enrichment, Employability skill development, Entrepreneurial development, Language skill development etc.,
- Students at the UG and PG degree courses take up Internships in industries and pursue their projects which gives them hands on training in their field of interest.
- The institute has a placement cell with the primary aim of placing the students. While recruiting the students are given pre-placement talks by the recruiters about latest trends in industries.
- The main goal of this is to groom students for the needs of the industry. Placement cell also undertakes training on recent advancement in technologies to make the students suitable for placements in industries through experts from various industries.
- We are able to achieve one of the objectives of our vision statement, by developing our students' as technically competent, through imparting training in various technical aspects, inviting and involving experts from Industries.
