SVCE Student Leadership Council (SSLC)
List of Clubs

1. **Theatre Club**

The main objective of this club is to present the first ever One Minute Video Contest namely 'Laghuchitra'. Students can shoot a video that does not exceed 60 seconds in duration based on any topic of their choice. They must make sure that the topic chosen is free from any controversies, vulgarity or anything that is disturbing. Once the shooting and editing are done, contestants need to upload their video on any of the online video sharing platforms like YouTuve/Vimeo/Dailymotion and get a URL.

2. **Animation and Graphics Club**

The main objective of this club is to have students to develop an understanding of fundamental techniques used for computer animation. At the end of the term, scholars are able to identify the advantages & disadvantages of using simulation, procedural animation, motion capture, & hand designed animations, with respect to both online; offline applications. They will also be able to implement animation techniques, using common software languages and tools. Finally, in addition to an understanding of current practices in the computer animation industry, a general objective is for students to better recognize current challenges in the process.

3. **Dance Club**

The dance club is open to one and all, irrespective of whether you know to dance or not. Many dance events, workshops, etc., are organized by the dance club throughout the year in order to ensure that the class is engaged in creative activities. The club focuses on expressing emotions and feelings through various dance.

4. **Literary appreciation Club**

The Literary Club aims to develop analytical and creative thinking skills. It offers opportunities to appreciate different types of literature and increase their own literary skills. The Literary Club aims at not only refining the literary skills of the students but also developing in them logic and curiosity to know more and to in still in them a confidence to speak well. It is a club made for people who love literature, and want to share their experiences, readings and thoughts with others who have the same interest and talent.

Objective

- To inculcate within its members elite oratory skills, interpersonal skills, communication skills needed for personal interviews, group discussions, etc.
- To help the members explore the depths of literary criticism and analysis as well as develop a sense of literary appreciation.
- To help them groom their personalities so that they feel confident about themselves.
- To eradicate any fear lingering in one's mind regarding proficiency in any language.
- To help the members do away with the menace of "Stage Fear"

5. **Photography Club**

The mission of the Photography Club is to provide a supportive environment for interested photography students to share their creativity, knowledge and passion for photography. The club will hold regular meetings and discussions and organize events such as; photo-walks, field trips, and lectures and workshops by visiting artists. Members will also explore the possible opportunities for photography projects in collaboration with other campus departments, organize peer to peer portfolio reviews and explore the possibilities of exhibitions on and off campus.

objectives

- Coverage of various events within the institute & participation in external competitions.
- Create a repository of exclusive pictures shot by the members for Educational & Research purpose.
- The club takes part in multimedia promotions of the Cultural Fest and Technical Fest every year.
- Photographs of maximum events in our college are captured and shared by the club.
- Conduct frequent inter/intra college photography contests.
- Make maximum members participate in photography contests conducted by other colleges.
- Share details of photography related newsletters, magazines, contests with the club members.

6. **Political and Social awareness Club**

The Political Awareness Club seeks to develop awareness of pertinent issues in politics, including international, national, regional, state, and local politics and policies. Through

lectures, films, panel discussions, informal presentations, debates, and social interaction among members, PAC functions as a comprehensive forum that interested students can use to further understanding about and dialogue concerning current events.

7. **Arts and crafts Club**

Talent, creativity, productivity and achievement are terms that define the Art and Craft Club. The club members experiment with creative artwork by using simple, ordinary materials. The objective of this club is to promote and support art enthusiasts, to propagate and contribute to special occasion activities. The purpose is to encourage creative expression, create artwork around campus, allow students to discover new crafts and bring together a group of like-minded people. The club is open for different activities like rangoli, painting, drawing, composition, ceramics, collage and architecture.

Objectives:

Provide learning experience which develop the student's aesthetic and artistic skills, confidence and practice and art and design appreciation.

Develop and enhance the student's ability to appreciate, response, enjoy, value, create and communicate through art and design.

Develop the student's individuality and self-esteem through artistic achievement.

Encourage the students to work in collaborated with others.

8. **Music Club**

The Music Club aims to nurture the talent in every member and provide a conducive environment for mutual learning. It believes that each individual has something to offer and through mentorships, Competitions and events the club strives to polish skills, share knowledge and spread musical joy. It offers practice spaces and a wide array of instruments; an opportunity for students to come together and discuss music; and a chance to perform and showcase their talents at events throughout the year. Meetings are held for each instrumental or vocal group.

9. **Robotics Club**

A Robotics club is a gathering of students who are interested in learning about and working with robots.At robotics competitions, teams of students must design and build a robot that can compete against opponents in a series of specific challenges.

Objectives

- To inspire young minds to be the driving force in the field of robotics
- It is an opportunity to apply knowledge creatively, to see how systems interact, both with each other and with the environment.
- To develop professional engineering skills among the students which will help them in the professional life.

10. Coding Club

In today's rapidly changing environment, programming skills are essential tools that can be utilized and incorporated into various fields and domains. Hence, it becomes absolutely essential to equip young minds with such skills. Coding Club aims to establish a coding culture on campus, reaching every student passionate about coding. The club's motto is to Create-Build-Innovate.

Objectives

- Conduct more coding competitions to reach every student on campus
- Conduct workshops on areas of computer science like web development, application development, machine learning, IoT etc.
- Contribute to open source projects, build websites and applications, provide technical support to organizations and various clubs on campus
- Represent the college at inter-collegiate events ¬ Take part in competitions like ACM-ICPC, Google Code Jam, Google Summer of Code, and other online coding events

11. Innovation Club

The main aim of this Cell is, thus, to create intuition in terms of creative design ideas in various fields of engineering in an aesthetic approach. Innovation Cell will assist students and also encourage young talented minds by providing them a perfect platform for showcasing their talents, working together as teams and participate in various competitions. It will also serve to provide the students a platform to excel in their specialized area of interest.

Objectives

To motivate students to bring out their hidden talents in various disciplines of Engineering.

- To provide a platform to realize and believe in themselves.
- To empower students to become young entrepreneurs.

- To create an innovative environment for the students to discover, develop, deploy and express their skills and talents.
- To encourage students to carry out their hidden talents in various disciplines of Engineering.

12. Sports & Games Club

Sports and games are an integral part of the curriculum. The college is committed to create a balanced atmosphere of academic, cultural and sports activities for the overall personality development of the students. The Department of Physical Education is putting the best efforts in imbibing knowledge and imparting skills to students and faculty in various sports and games, developing them to higher levels of expertise.

Objectives

- To encourage students to take part in sports and games in large numbers.
- To encourage and impart skills in the students across various sports disciplines.
- Make students to inherit personality development qualities like sportsmanship, socially wellbeing, and teamwork.
- Bring awareness about the Physical as well as mental fitness that sports and games offer.

1. Theatre and Movie Club

Students can shoot a video or a 'Laghuchitra' based on a theme or topic of their choice. They must make sure that the topic chosen is free from any controversies, vulgarity or anything that is disturbing.

Skills

1. Develop skill in oral language and all expressive mechanisms (voice and physicality expression).

2. Develop understanding in psychological, moral, physical and socio-economic analysis of character (analytic skills).

3. Learn the elements of stagecraft and production (crafting skills).
