DEPARTMENT OF INFORMATION TECHNOLOGY NewsLetter

VISION & MISSION OF THE DEPARTMENT

Vision To provide excellent education in Information Technology through effective teaching and research environment in pursuit of academic proficiency, employment & higher education with social and ethical values.

Mission To provide high quality technical education in Information Technology by delivering the core instructions through world class infrastructure. To prepare students with fine professional and intellectual skills to solve challenging tasks in the field of Information Technology. To train students in design and implement novel systems based on education and research with the support of senior faculty. To inculcate students with leadership capabilities, integrity, ethical & social values.

EDITORIAL BOARD

Dr. S. MURALI KRISHNA ,HOD-IT

2. Dr. K. SRIKANTH ,Associate Professor, IT

3. KORRU NAVYA (III-IT)

4. NIHARI REDDY B (II-IT)

Department of IT

The department of Information Technology was established in the year 2007, right from the inception of the college, with an annual intake of 60 students for B.Tech programme. At present (a.y. 2021 - 22), the department intake for undergraduate (B.Tech) is 60. There is a lot of demand for computer professionals from the software industry, at the same time, there is a stress on the quality of education and training. This has resulted in modernizing the laboratories, updating the teaching learning process and exposure to the latest technologies.

The department has a mix of both experienced and young faculty. Majority of the faculty members are actively involved in improving their educational qualifications and actively engaged in research activity. The faculty have been attending various seminars, workshops and training programs conducted by various other reputed organizations.

The IT department has aesthetically designed computer laboratories accommodating 732 computer systems. All laboratories are air conditioned with a power backup of 125 KVA DG set to help uninterrupted functioning of the laboratories. Licensed Softwares like MSDN Academic Alliance Pack, MS - Office, SUSE LINUX server, Media kit for office software etc are made available in the laboratories. All the systems are connected through LAN Facility: 10/100 MBPS Network Connections.
