Dear Colleague,

An efficient and effective national blood system mandates universal and timely access to safe blood. To ensure this, voluntary, non-remunerated, regular blood donation with wide and active participation of the people is required.

2. It is proposed to organize a mega blood donation camp on 17th September 2022. The Activity aims to collect close to one lakh units of blood from Voluntary blood donors on a single day. It is planned to involve all Ministries and Departments of Government of India, State/Union Governments, citizens of country, especially the youth, various Non-Government and community based organizations and other stakeholders. The campaign slogan for the event will be "Donating blood is an act of solidarity. Join the effort and save lives." ["रक्तदान सामाजिक एकजुटता का प्रतीक है। प्रयास में सम्मिलित होकर जीवन बचाएँ।"] States and Union Territories are requested to also organise their campaign in local/regional languages.

3. The States are requested to widely disseminate the information about the mega blood donation camp to be organized on 17th September 2022 to all medical colleges, hospitals, healthcare organizations, blood banks and other stake holders for their active participation. The blood banks in your State may be assisted to organize blood donation camps on 17-9-2022 and encouraged to collaborate with active and reputed NGOs promoting blood donation like Indian Red Cross Society, Akhil Bhartiya Terapanth Yuvak Parishad, Blood Donor Organizations etc. State Government Authorities including respective State AIDS Control Society (SACS), State Blood Transfusion Council (SBTC) may consider granting necessary permissions and facilitate organization of blood donation camps.

4. The facility for registration of voluntary blood donors is available on the Aarogya Setu App and e-Raktkosh portal of the Union Ministry of Health. A large scale media campaign for registering the pledges of persons on Aarogya Setu App/e-Raktkosh portal, for facilitating their blood donation in the identified blood banks/blood donation camps on 17th September, 2022 has been initiated by this Ministry.

5. The Data of persons registered for blood donation on 17th September, 2022 on Aarogya Setu App, will be made accessible to blood banks/organizations conducting the blood donation camps through the e-RaktKosh web portal.

6. After the mega blood donation camp on 17th September, 2022, the blood donation drive will be continued across all States / UTs till 01st October, 2022 i.e. National Voluntary Blood Donation Day (NVBDD).

Seven Days NSS Special Camp, March, 2023

Special Camping forms an integral part of National Service Scheme. It has a special appeal to the youth as it provides unique opportunities to the students for group living, collective experience sharing and constant interaction with the community.

The primary objectives of the special camping programs are:

- Making education more relevant to the present situation, to meet the felt needs of the communities and supplement the education of university/college/school students by bringing them face to face with the prevailing situation of the community.
- To provide opportunities for students to play their due roles in the implementation of various development programs by planning and executing development projects, which not only help in creating durable community assets in rural areas and slums but also result in the improvement of the condition of weaker sections of the communities.
- Encouraging the students and non-student to work along with the adults in rural areas, thereby developing their character, social consciousness and commitment, discipline and healthy and helpful attitudes towards the community.
- Building potential youth leaders by exploring the latent potential among the campers, both students as well as local youth (rural and urban), with a view to involve them more intimately in development projects for longer periods. The local leadership generated during the camps would also be useful in ensuring proper maintenance of the assets created as a result of the camps.
- Emphasizing the dignity of labor and self-help and the need for combining physical work with intellectual pursuits, and encouraging youth to participate enthusiastically in the process of national development, and promote national integration through democratic living and cooperative action.
