

The institute provides state of the art infrastructure and facilities for Teaching Learning process. All the classrooms are fitted with latest LCD projector, LAN connection in the computer, wi-fi for the participants. All the classrooms are fitted with Video Conference facilities, in which students can attend any lectures. Video Conference facilities also used for organizing lectures given by Professor residing in other universities. We also have a well-equipped computer lab which are used by the students for labbased classes. It also provides different computing software like SAS, EVIEWS, STRATA etc., which are used by the students as well as faculty members for teaching, learning & research process.

Campus is fully wi-fi enabled in which students can access the internet from each and every corner of the campus. The faculty members were available to conduct online quizzes, taking online attendance, uploading course materials, assignments, etc. The students can also upload their assignments in Google Classroom for evaluation. It also helps the students and faculties to interact with each other by sending comments after evaluation. Institution has an IT policy covering Wi-Fi, cyber security, etc. and has allocated budget for updating its IT facilities.
