The **Women Empowerment Cell (WEC)** of our institution is committed to creating a supportive environment that fosters the personal and professional growth of women students and faculty members. The Cell organizes various awareness programs, industrial visits, training sessions, and interactive workshops in association with reputed organizations such as **CII-IWN (Confederation of Indian Industry-Indian Women Network)** to promote leadership, self-confidence, and gender equality. Through initiatives like **POSH Act Awareness, Self-Protection Workshops, Eco-Friendly Choices for Menstrual Hygiene**, and visits to centers like the **Amara Raja Skill Development Centre**, WEC aims to educate and empower women to make informed decisions, enhance employability, and contribute meaningfully to society. The Cell consistently works towards building a campus culture that upholds respect, safety, and opportunities for all women.

EVENT REPORT

Event Name, Date, Participants & Venue: Amara Raja Skill development Centre Visit at Diguvamaham, Chittoor District, Andhra Pradesh, 26.09.2025, II Mechanical Engineering Students.

Organized By: WEC in association with CII-IWN.

Outcome of the Event: The visit to Amara Raja Skill Development Centre, Diguvamagham, Chittoor District, provided II Year Mechanical Engineering students with valuable exposure to skill-based learning and industrial practices. Students observed various training modules focused on technical skill enhancement, workplace discipline, and industry-oriented competencies. The interaction with trainers helped them understand the importance of practical knowledge, teamwork, and continuous skill upgradation for future employability. The visit, organized by WEC in association with CII-IWN, successfully bridged the gap between academic learning and industrial expectations, motivating students to pursue hands-on learning for career development.

the Early Detection of Breast Cancer
Guideline for women at average risk for breast cancer

Age Group	Recommendation
Ages 40–44	Women should have the choice to start annual breast cancer screening with mammograms if they wish to do so.
Ages 45–54	Women should get mammograms every year.
Ages 55 and older	Women can switch to mammograms every two years, or can continue yearly screening. Screening should continue as long as a woman is in good health and is expected to live 10 more years or longer.
